Next year, National Skills Coalition is turning 25! Mark your calendar now and plan to celebrate with us at the annual Skills Summit, **May 5th - 7th**.

## Why attend the Skills Summit?

The Skills Summit is the only national workforce event where the day-to-day advocates, training providers, policymakers, and business leaders gather to shape and influence state and federal policy—and make real change happen for workers and businesses. The policy solutions that are discussed during the Summit are more necessary than ever. Through Hill visits, workshops, and panels this event is an opportunity for changemakers to come together at a critical time when we need to make real change happen for workers and local businesses. ## What's new?

For the first time, the Skills Summit will focus on convening **state and national policymakers and advocates** from across the country to discuss the connections between state and federal policy.
